

Sales Team Lead

Job Title	Sales Team Lead	Location	Greater Noida
Department/Group	Sales	Position Type	Full Time

Job Description

The Sales Team Lead will drive VoltWorks' on-ground sales execution and lead a team of field sales executives. This is a hands-on, target-carrying role which means you will own both your own numbers and your team's, generate and convert leads, and manage the full sales cycle from first contact to order closure to payment follow-up. We are looking for a sharp, energetic, and customer-focused individual who can motivate a small team, stay close to customers, and consistently deliver revenue. You will act as the bridge between customers, the sales team, and the operations team, ensuring smooth communication, timely execution, and consistent revenue growth.

About VoltWorks

VoltWorks Technologies Private Limited is a dynamic company at the forefront of the Indian electric vehicle industry. Founded by talented alumni from prestigious institutions like IIT Delhi and IIT BHU, we are driven by innovation and collaboration. With our German and South African teams, we are constantly solving challenges and pushing the boundaries of motor and controller development. If you're ready to be part of our exciting journey, we invite you to come aboard!

Key Responsibilities

Sales Execution & Target Achievement

- Carry and achieve individual and team monthly/quarterly sales targets.
- Generate, qualify, and convert leads across OEM, dealer, and institutional customers.
- Own the full sales cycle end to end i.e. enquiry, quotation, negotiation, order closure, and delivery follow-up.
- Identify new customers and market opportunities in the assigned territory.

Team Leadership & Coaching

- Lead, guide, and motivate a team of field sales executives on a day-to-day basis.
- Allocate territories and targets, and track each team member's performance and pipeline.
- Coach the team on product pitch, objection handling, and closing; support them on key customer visits.
- Run daily/weekly sales huddles to review progress and remove roadblocks.

Customer Relationship & Account Management

- Build and maintain strong relationships with customers, dealers, and OEM buyers.
- Understand customer requirements and coordinate with the technical team for the right product fit.
- Handle customer queries, resolve issues quickly, and ensure a high level of satisfaction.

- Maintain accurate and up-to-date records of leads, visits, and orders in the CRM/tracking system.
- Provide regular sales reports, forecasts, and market feedback to the Sales Director.
- Keep the pipeline clean and current so forecasting is reliable.

Collections & Coordination

- Follow up on outstanding payments and support timely collection from customers.
- Coordinate with the operations and dispatch teams to ensure on-time delivery.
- Work with internal teams to ensure smooth order fulfilment and after-sales support.

Required Skills & Qualifications

- Bachelor's degree in Engineering, Business, Commerce, or a related field (MBA a plus).
- 3–5 years of experience in B2B / industrial / automotive / EV / field sales, with 1–3 years of experience leading or mentoring a small team.
- A consistent track record of meeting or exceeding sales targets.
- Domain exposure to EV, auto components, electrical products, or industrial equipment (preferred).
- Strong field-sales skills i.e. prospecting, negotiation, and closing.
- Discipline with CRM, reporting, and pipeline management.
- Excellent communication and interpersonal skills; fluent in Hindi and English.
- Willingness to travel extensively for field visits; valid driving license preferred.

Preferred Qualifications

- Experience selling EV traction motors, controllers, or drivetrain components.
- Familiarity with the North India dealer/OEM network and the 2W / 3W / L5 EV segments.
- Exposure to startups, manufacturing, or channel-based sales.
- Experience handling institutional or tender-based customers.

What You'll Work On

- A high-ownership role with a clear growth path to Sales Manager / Sales Director.
- Attractive incentives and performance-linked variable pay.
- Direct exposure to a fast-growing EV business and a strong product portfolio.
- A learning-driven, entrepreneurial environment where your results are visible and rewarded.
